

GEORGE P. WEBB
DIES SUDDENLY
AT DELAWARE

STRAIN OF RECEIVERSHIP OF
HOMESTEAD ASSOCIATION
PROVED TOO GREAT.

REMAINS SENT TO NEWARK

Bar Association Meets and Will At-
tend Funeral of Well Known
Lawyer in a Body.

Newark was deeply shocked Monday morning when the sad word went from lip to lip that George P. Webb was dead. Ever since the attack which found its fatal termination Sunday night at Delaware, while on his way home from Magnetic Springs, grave fears had been entertained of Mr. Webb's illness, and yet it was not generally thought that the attack was a fatal one. It is now supposed that Mr. Webb's death was caused by apoplexy, with which he had been threatened for some time past. This generally fatal disease, it is supposed, was largely brought on from mental strain and worry during the last three years caused by his grave responsibilities and duties as receiver of the Homestead Building Association. The strain imposed on Mr. Webb in this responsible position was certainly a very great one. He bore it manfully, however, like the brave man that he was, but overtaxed nature at last gave way. It could stand no more and the fatal end came Sunday evening, when the tired breast and burdened spirit were set at rest by the merciful fiat of death.

Few, if any men were better or more favorably and generally known than George Pennay Webb. Born in this city, where he has spent his entire life, some 60 years, prominent in law and in politics and in building association work and in fraternal organizations, Mr. Webb was a man well known and highly respected by all. He was the oldest son of the late John W. Webb, one of Newark's early prominent business men and financier, an early civil engineer of this county who had much to do with the surveying of the Ohio Central and other railroads, and who was one of the founders and stockholders of the First National Bank of this city.

After graduating from the Newark High school Mr. Webb took a collegiate course at Kenyon college, Gambier, afterwards studying law and entering upon the active practice of his profession in Newark some 35 years ago.

In early life Mr. Webb married Miss Eva Rissler, eldest daughter of the late Dr. S. P. Rissler, formerly of this city, by whom he had four children, three sons and one daughter. The death of the daughter, Miss Mary Webb a few years ago, was a crushing blow from which he never recovered. The sons are Albert R., Charles and Frank Webb.

Mr. Webb's first wife died some years ago and he married his present wife ten or twelve years ago, the union proving a very genial and happy one.

A few days ago Mr. Webb received what was probably a stroke of apoplexy, causing him to fall down the steps of his office. He was conveyed to his home and afterwards was taken to Magnetic Springs for treatment. His condition seemed to improve and his devoted wife started home with him and got as far as Delaware when the end came.

In politics Mr. Webb was a lifelong Democrat and his church affiliations were Episcopalian. He was an honest, upright man, and enjoyed the respect and confidence of the community in a marked degree. With a high sense of honor and extremely sensitive as to public criticism of any kind, the responsibilities and duties or receiver of the building association bore upon him more heavily and affected him more seriously than they would many men less susceptible to such things.

Mr. Webb was quite active in fraternal organizations, being a member of Cedar Camp, Modern Woodmen of America, Newark Lodge No. 13, Knights of Pythias, of which he was past chancellor commander and one of the oldest members of the lodge. He was a prominent Mason, a member of Acme lodge. He was a Louisville's Commandery, No. 34, Knights Templar, of this city. He was a loving husband and father and true friend, an honest man and good citizen, whose death will be deeply deplored.

Mr. Webb had been prominent in politics and had held the office of county surveyor for a number of years, and was also mayor of the city of Newark.

The death of Mr. Webb recalls again the tragic features connected

with the failure of the Newark Savings Bank and the Homestead Building association, formerly managed by James F. Lingafelter, with which the public is familiar. As a result of that terrible catastrophe J. F. Lingafelter is now in the Ohio penitentiary serving a sentence for wrecking the bank. His son Robert C. Lingafelter, is in the intermediate penitentiary at Mansfield for the same offense, and Mrs. Lingafelter, the wife and mother, a true member of the bank wrecking family, is under sentence of the court for the same offense. Mr. Fred Taafel, the first receiver of the defunct bank, succumbed to the high strain and committed suicide, and now Mr. Webb has passed away, his death no doubt being due in a large measure to the many and onerous duties devolving upon him as receiver of the Homestead Building Association.

The funeral services will be held at the Trinity church Tuesday afternoon at 2 o'clock. Details of the funeral have not as yet been arranged.

BAR ASSOCIATION MEETS.

A meeting of the Licking County Bar association was held in the court room Monday morning to take appropriate action upon the death of George P. Webb, a member of the association.

C. W. Miller, J. A. Flory and Phil. B. Smythe were appointed by chairman, Judge Charles H. Kibler, a committee to draft suitable resolutions for entry upon the journal of the court.

The members of the bar will attend the funeral in a body.

COURT WILL APPOINT
MR. WEBB'S SUCCESSOR
DIVIDENDS COMING

The death of George P. Webb will make it necessary for Judge Seward to appoint his successor as receiver of the Homestead Building and Savings company. This successor will receive the funds which Mr. Webb has on hand as receiver and which are on deposit in the banks of the city, and it will be his duty to bring about a speedy settlement. It is expected that the receiver will be able to pay two or more additional ten per cent dividends.

ONE GIRL AND
SEVEN WORKMEN
ARE EXECUTED

Lodz, Russia, Sept. 23.—Seven workmen and one girl were executed today by shooting without trial, for participating in the murder of Marcus Silberstein, the owner of a large mill. He was killed by striking employes September 13.

HOME WEEK AT
NASHVILLE IS ON

Nashville, Tenn., Sept. 23.—This is "home-coming" week in Nashville, and every incoming train is bringing former residents back to "Sunny Tennessee." The city has flung her banners and bunting to the breeze, and in great flaming electric letters "Welcome," from over shop doors, the tops of buildings and stretched across brilliantly illuminated streets, greets the returning wanderer on every hand. Elaborate preparations for the care and entertainment of the thousands expected have been made. Formal exercises in connection will be conducted each day at the state fair, which will be in progress throughout the week.

LIPTON'S CHALLENGE

New York, Sept. 23.—Sir Thomas Lipton's challenge for the America's cup reached here on the steamer Umbria, and members of the New York Yacht club are waiting with keen interest the meeting on Wednesday, when the challenge will be formally considered. It is said by club members that Sir Thomas wants to compete for the cup with a sloop 75 feet on the water line, and the present rules of the club to govern. With a 75-foot water line the Irish challenger would spread something under 7,000 feet of canvas.

LUSITANIA'S RUN

Halifax, N. S., Sept. 23.—Wireless dispatches to the press from Cape Sable state that at noon Sunday the big Lusitania, which left New York Saturday, was about 369 miles from Sandy Hook. The big turbine was not being pushed, the average speed for the first day being about 22 knots. At the time the message was sent, the wind was southeast and the sea calm.

CANDIDATES FOR
UTICA OFFICE
NUMBER SEVEN

HUGH BELL MENTIONED AS THE
"DARK HORSE" IN RACE FOR
POSTOFFICE.

GEO. HAMILTON TAKES A HAND

Present Postmaster Has Conscientious Scruples Against Opening Office on Sunday.

Utica, O., Sept. 23.—Who will succeed Postmaster Jacob O. Harris, who resigned the office because the government directed him to keep the postoffice open a part of each Sunday? The question is still uppermost in the public mind. A "dark horse" is said to be Hugh C. Bell.

The Utica postmaster receives \$1600 per annum.

One report is that the present postmaster long ago promised his support to committeeman P. P. Gourley in the event of his resignation at any time.

Another story is that the present incumbent worked in the interest of Owen Helphrey, and supposed that his endorsement by the county committee was assured, before filing a resignation.

It is said that George H. Hamilton representing the county organization, came to Utica to investigate the matter, and while here he was induced to give him support to Mr. Bell. On his recommendation, the county committee endorsed Bell, and that is said to have secured the recommendation of Senator Dick.

Now it is said that at least seven of the 15 committeemen have endorsed Frank Gourley's candidacy, and some of them declare they endorsed Mr. Bell without knowing the situation.

The matter has been put before Senator Foraker by friends of some of the candidates who have hope through him for their aspirations.

The charge has been made that efforts were made to fix up the matter in secret and give out the plum without advising with the local committeeman or the active party workers.

The candidates mentioned are Hugh Bell, Owen Helphrey, Frank Gourley, Walter Helphrey, David Melick, Will Robinson and S. B. Friel.

A report, which few believe, is circulated that certain people wished to secure a change, but did not wish to incur ill will by preferring charges against the present postmaster, and knowing his scruples against opening the office on Sunday, they arranged to get a Sunday opening order for the purpose of obtaining the resignation of the postmaster.

WIT ENDS TWO YEAR FIGHT.

JOHN DIETZ

Winter, Wis., Sept. 23.—The famous Dietz dam dispute has been settled. It is stated that the contending parties have made an agreement that the millions of feet of logs that have long been held by John F. Dietz, the intrepid defendant of Cameron dam, on the Thornapple River, near here, will be moved at once.

The trouble arose over a dispute as to the title of a tract of land covering the Cameron dam. Both the Chipewa Log and Boom company and John Dietz claimed title to the land, and Dietz defended the property. Three sheriffs failed to capture Dietz, who defied the authorities for a long time. The settlement was effected at Rice Lake this week, and was made be-

CLARK DEFIED
SUPREME BEING
STRICKEN DEAD.

Ada, O., Sept. 23.—Because Amos Clark, 40, a farmer, openly defied the Lord, it is believed he was struck dead in his front yard Sunday. Clark has been known as an atheist for years, and Sunday in the presence of his family and several neighbors said there was no God, and defied the Supreme Being to punish him. No sooner had the words left his lips than he was stricken and died a few minutes later.

PATROL OF TROOPS
AMBUSHED IN MEXICO

Merida, Yucatan, Mex., Sept. 23.—Word has just reached here of a battle between federal troops and a band of rebel Maya Indians, near San Isidro, this state. The fight was in reality an assault on the part of the Indians, who attacked the patrol of troops from ambush. Seven soldiers and a number of Indians were killed. The Mayas effected a fairly orderly retreat and got clear away, taking their dead and wounded with them. At military headquarters it was stated that stringent and adequate measures will be adopted to hold down any rebel movements.

PRISONERS ESCAPE

After Having Locked Jail Guard and Trusty in Cell Two Men Got Away.

Chicago, Sept. 23.—After having locked a jail guard and a "trusty" in a cell, two prisoners climbed through a window on the fourth floor of the county jail here and made their escape in plain view of a number of persons who were passing in the street. A third prisoner, after having started to descend from the window, climbed back in and returned to his cell, when the alarm was given. The men who escaped were William Rogers, 25, charged with larceny, and Stanley Weslek, 26, held for burglary.

WRECK ON SOUTHERN

Washington, Sept. 23.—Thirty-two passengers were injured, none of them seriously, by the derailment of the Chattanooga and Washington limited train on the Southern railway, just north of Ryan's siding. A broken rail was the cause of the accident. The entire train, composed of a baggage car, day coach and three sleepers, left the track, the sleepers being almost destroyed by fire. A special train was quickly made up and proceeded to this city with all the passengers of the limited. The wreck blocked the track for several hours.

MRS. WILLIAM FREDERICK BODLEY.

Young woman who was disinherited by her mother, Mrs. Head, and her guardian, George C. Taylor, because she eloped, and who, it is reported, will contest the latter's will in which he divides a \$20,000,000 legacy among relatives.

New York, Sept. 23.—Reports that the \$20,000,000 estate left by George C. Taylor, an aged and eccentric recluse, who died last Tuesday at Great River, L. I., will be claimed by Mrs. William Frederick Bodley, daughter of Taylor's secretary, caused all manner of rumors to be circulated. One was to the effect that Mrs. Bodley is living in secret in Harlem and will appear at the last moment to contest the will, while from other quarters it was declared she had gone to Europe and would not return.

Under the will the enormous real estate holdings and other properties left in the will go to relatives who are already wealthy. Most of the property was inherited by Taylor from his father, Moses Taylor, who

NEGRO SAVED
FROM VIOLENCE
AT DELAWARE

SPIRITED OUT OF TOWN AND TAKEN TO COLUMBUS FOR SAFE KEEPING.

Authorities Feared Mob Would Attempt to Take Life of the Prisoner.

Columbus, O., Sept. 23.—To save his prisoner from violence at the hands of Delaware citizens, Sheriff Matthews brought to Columbus Henry Dalton, a negro, who Saturday night shot and fatally wounded Chris Horn, a popular Big Four engineer. Dalton, who was in abject terror, showed relief when placed in jail here. The shooting of Horn, which occurred in Delaware, was unprovoked. Jas. Knowlton, a quarryman at Sunbury, and Dalton, who was employed at the quarry, were riding in Delaware in a buggy when it crashed into a carriage driven by Horn. The engineer upbraided the men for their carelessness, when Knowlton went back and started a fight with Horn. Knowlton was setting the worst of it when Dalton drew a revolver and shot Horn, and then attempted to escape. He was captured and locked in the county jail. Horn died of his injuries Sunday morning.

As soon as the news spread groups of excited men began to gather on the street. Talk of lynching was indulged in, and the situation became so threatening Sheriff Matthews decided to remove his prisoner. Dalton was accordingly spirited out of the back door of the jail, hustled into a buggy and driven in a roundabout way to a station on the Columbus, Delaware & Marion traction line and brought to Columbus.

Seventy-seven Japanese miners who arrived at Atlin, Ore., to work in the mines, were escorted to the river steamer Glenora by 200 whites and started back toward Vancouver. At Wilhelmshaven, Germany, five men were killed and four men and two women were injured through the explosion of a shrapnell shell.

NEGRO LYNCHED
IN SOUTHERN TOWN

Pritchard Station, Ala., Sept. 23.—Mose Dossett, a negro, was lynched here for an attempted criminal assault upon Mrs. J. Breeder, a white woman, 90 years old. Dossett was hanged to the same tree from which two negroes, Jim Robinson and Will Thompson, were lynched almost exactly one year ago for assault upon small white girls.

A FIASCO

Is the International Peace Conference at The Hague.

The Hague, Sept. 23.—After having been in session over three months and with adjournment probably a month in the distance, it is recognized generally that the second international peace conference has been and will be at its conclusion barren of results leading to permanent measures of benefit to the peace of the world. Mr. Choate of the American delegation, however, is still optimistic regarding the results, even of the great questions, and especially that of a permanent court of arbitration, being satisfied that the principle is accepted. He thinks that once the conference has concluded its session it will be an easy matter to agree on the precedents concerning the allotment of judges and that there is no establishment of the court will be an easy task.

ROYAL TIME FOR
SECRETARY ROOT
IN OLD MEXICO

Mexico City, Sept. 23.—The secretary of the United States, Mr. Root, is expected to arrive in Mexico City today. He is expected to remain in Mexico for several days, during which time he will be engaged in various official duties. He is expected to be accompanied by his family.

It is estimated that 2,000,000 persons perished by famine in Kiang-Su and other provinces of China during the first six months of this year.

SENATOR BORAH
IS PUT ON TRIAL
AT BOISE, IDAHO

ACCUSED OF CONSPIRING TO DEFRAUD GOVERNMENT OF MUCH LAND.

DOZEN OTHERS ARE INDICTED

Defendants However, File Demurs and Seek to Put Obstacles in Way of Trial.

Boise, Idaho, Sept. 23.—The work of unmaneuvering a jury began today for the trial of United States Senator Wm. E. Borah, accused of conspiracy to defraud the government out of 17,280 acres of land. Though twelve other persons are indicted with him, he will be the first to face a jury, having demanded a hearing in time to permit him to complete the trial before presenting his credentials as senator in Washington in December. The other defendants have filed demurs and are interposing other legal obstacles to trial.

Boise, Ida., Sept. 23.—United States Senator William E. Borah, who acted as one of the principal prosecutors for the state of Idaho at the recent trial of William D. Haywood, secretary of the Western Federation of Miners, was placed on trial in the United States court here, charged with conspiring to defraud the government out of title of 17,280 acres of Idaho timber lands. Twelve other persons have been indicted with Senator Borah, but he is the first to face a federal jury.

The indictments against Senator Borah and the 12 others charged that they entered into a conspiracy with 108 residents of Boise whereby the latter were to take up timber land claims of 160 acres each, paying a minimum price to the government, and later, when the claims were finally approved, to transfer the land to the Barber Lumber company, an Idaho corporation, whose principal offices are residents of Wisconsin. Among the co-defendants with Senator Borah are Frank Martin, attorney general of Idaho, and former Governor Frank Steunenberg, who was assassinated by Harry Orchard.

CHANDLER QUIT

Oyster Bay, N. Y., Sept. 23.—It was stated by Secretary Loeb that former Senator William E. Chandler of New Hampshire had recently signified his wish to be relieved of his duties as chairman of the Spanish treaties claims commission. No date for his retirement had been set, it being understood that the resignation would take effect upon the appointment of his successor.

THE ALTON CASE

Chicago, Sept. 23.—A special grand jury assembled by Judge Landis to hear evidence involving the granting of rebates by the Chicago & Alton railroad to the Standard Oil company is to reconvene Tuesday, when Attorney General Bonaparte, Judge Landis and District Attorney Sims may decide whether to prosecute or withhold action on the ground that the railroad company was promised immunity when its attorneys furnished evidence which helped to convict the Standard Oil company.

WOMAN'S STORY

Regarded in Frankfort as Fabrication—Igo Has Been Dead Three or Four Years.

Frankfort, Ky., Sept. 23.—The statement sent out from Richmond, Ind., purporting to give the substance of an affidavit of Mrs. Lulu Clark that she was on the steps of the statehouse the day Governor Goebel was shot and heard Turrel Igo of Farmers, Rowan county, Ky., say he shot him, is regarded here as being a fabrication, as it is at variance with all witnesses who have testified in the case. Mrs. Clark's affidavit was taken at Indianapolis on April 11, 1907, in the law offices of ex-Governor W. S. Taylor of Kentucky. She avers that John Sanford, son of the late Attorney Sanford, who was killed by Goebel in a political quarrel, was present when Igo fired the fatal shot. Mrs. Clark is a niece of Judge Frank Day of Frenchburg, Ky. Igo has been dead three or four years.

Bodies of two of the men entombed in the burning Malta mine at Sparta, Minn., have been recovered. They were identified as Joseph Mesnik and John Maller.

C. C. Williams, prominent attorney, shot and fatally wounded Dr. Adkins at Mt. Vernon, Ky. Adkins recently had trouble with his wife, which resulted in a separation. Mrs. Adkins employed Williams as her attorney.

SMALL SEES END OF STRIKE

Says Roosevelt Will Intervene in
the Telegraph Dispute.

RETURN TO WORK IN TEN DAYS

Many Business Men Interesting Them-
selves in the Strike—Men Willing
to Submit Grievances to Arbitration.
Leased-Wire Operators Likely to
Be Called Out.

Chicago, Sept. 23.—President Roosevelt will take a hand in settling the telegraphers' strike, according to President S. J. Small, head of the telegraphers' union. The statement was made at a meeting of the strikers in Uhlich hall. He followed it by saying that the strikers would be back in ten days. "Twenty men in New York know that the president will do what he can to bring about an adjustment of the strike," said President Small. "Therefore I might as well tell you the facts."

"There are many business men interesting themselves in the strike," continued President Small. "I have a letter from a big cotton merchant of the south, who says he will give his time and money to secure a settlement if the strikers will be reasonable. The cotton merchant looked over our list of grievances and objected to only one. This was the requirement that the companies should furnish typewriters. The companies are praying that someone will intervene. The law requiring the railroads to place more telegraphers at work will become effective Oct. 1. Many strikers will accept employment on the railroads. The strikebound companies are therefore desirous of getting an adjustment before that date, as it would have a difficult task in securing a sufficient number of operators."

Would Call Out Leased-Wire Men.
New York, Sept. 23.—A determined effort to pass a resolution calling out on strike, regardless of their contracts, all newspaper wire and broker office operators, was made Sunday at a meeting of the local telegraphers' union. After a long debate the resolution, which has before been introduced at meetings of the strikers, was again tabled, but, it was said later, with the understanding that it would be taken up at a meeting next Wednesday.

ATTACK MOORS

French Troops Move When Peace
Negotiations Fall Through.
Casablanca, Sept. 23.—Negotiations for the cessation of hostilities having failed, General Drude resumed the offensive and burned the Moorish camps at Jidi Ibrahim, south of Casablanca, and dispersed the tribesmen, who offered but little resistance. These operations were chiefly notable for a brilliant forced march of the French. The expedition, consisting of 2,000 infantry, with a detachment of cavalry, artillery and native auxiliaries, left camp before dawn and formed into two hollow squares, one behind the other. In this formation they marched some distance under the cover of darkness and unobserved by the tribesmen. A heavy morning sea fog came up at daybreak and forced a half-hour's halt, during which shots fired by the advance guard gave the alarm to the enemy. The tribesmen came up in large numbers, but a vigorous attack by the first squadron soon dispersed them. No further stand was made by the enemy during the march, although scattered groups of horsemen harassed the French flanks.

TIE UP TOWN

Union Men at Helena Decide to Call
a General Strike.
Helena, Mont., Sept. 23.—As a result of the refusal of the business men of Helena to discontinue the use of the telephones pending a settlement of the Rocky Mountain Bell Telephone company's strike, the Helena trades and labor assembly, affiliated with the Montana Federation of Labor, has decided to call a general strike. The result of this action, it is said, will be a complete tie-up of the streetcar service in this city and the closing of the hotels, manufacturing establishments, business houses and even saloons where the use of the telephones has not been discontinued.

Temperance in Missouri.

Kansas City, Sept. 23.—Rev. Albert Bushnell, superintendent of the Anti-Saloon league for the Kansas City district, said that in his estimate it would be only a few weeks until Missouri would be half prohibition. "There are 114 counties in the state, and 47 of them have voted against the saloon. Only 10 more dry sections are needed to make the 'wet' and 'dry' sides equal. There have been eight counties made prohibition territory within the last week. There will be several more elections in the next few weeks, and it looks good for the anti saloon people."

Attempt to Assassinate Tolstol.
Moscow, Sept. 23.—Count Tolstol has fallen into disfavor with the peasants about his estate in the suburb of Tula and attempts have been made twice to kill him. Both attacks were at night and several rifle shots were fired through the windows fortunately doing no damage. Three peasants have been arrested but at Tolstol's request they have been released.

GLECKLER-VAN VOORHIS.

A wedding was solemnized by Rev. Mr. Lamp of this city, at his home on West Main street, Saturday evening, September 21. The contracting parties were Mr. Joe Glecker and Miss Lela Van Voorhis. They were accompanied by Mr. Ray Lentz and Miss Verna Rinehart, intimate friends of the bride and groom. Mr. Glecker is a popular and well-known brakeman of the Baltimore & Ohio railroad company, while Mrs. Glecker is the daughter of Mr. and Mrs. A. Van Voorhis of North Williams street, and is highly esteemed and respected by all who knew her. For the present Mr. and Mrs. Glecker will make their home with the bride's parents on North Williams street. They have the best wishes of their many friends.

TONEY-YOUNG.

Harry Toney, second son of Mr. Charles Toney of this city and Miss Ora Young of Hillsboro, Ohio, were married in Chicago the latter part of last week. The ceremony took place at the home of Melvin Reed, a relative of the bride, at 3335 Armour avenue, and was performed by the Rev. H. E. Stewart. The parties are colored and the groom is a popular porter on a Pullman on the B. & O. railroad, running between Chicago and Pittsburg.

Admiral Charles S. Sperry, U. S. N., who is a delegate to the peace conference, was born in Brooklyn, N. Y., on September 3, 1847. His first studies were in the public schools of Waterbury, Conn., and he graduated from the United States naval academy in the class of 1866. Admiral Sperry married Miss Edith Marcy. He reached the grade of lieutenant in 1870, and it was 15 years later before he reached the next grade of lieutenant commander. He was not made a commander until 1894. He received the rank of captain in 1900. Since 1903 Admiral Sperry has been on special duty near Washington. His home is in Waterbury, Conn.

IMMUNITY IS PROMISED ALTON CO.

Chicago, Sept. 23.—The program of the federal authorities is to make an announcement in Judge Landis' court Tuesday at 10 a. m. that immunity has been granted the Chicago & Alton railroad from prosecution for giving the Standard Oil company rebates. Much adverse criticism was aroused when it was made known that eight big railroad systems and their half hundred officials had been promised immunity.

A NEW EXPONENT OF DEMOCRACY

The great North-west Ohio Gibrat-
tar of Democracy is to have another
able exponent of the true faith
at the city of Toledo, that has
been devoid of a Democratic
daily newspaper these many
months. Mr. George W. Dun has
purchased the Toledo Press and
changed its name to the Toledo Citi-
zen. Mr. Dun was owner of the Col-
umbus Citizen when it was a Demo-
cratic paper and edited by that well
known and able writer, Mr. Web-
ster P. Huntington. The paper has
been fortunate enough to again se-

izen, though the latter gentleman
will continue his editorship of the
Ohio Magazine.

The first number of the Daily To-
ledo Citizen made its appearance on
the 18th inst., and its sparkling edi-
torial page speaks for itself better
than can be expressed in any
comment. The leading editorial ar-
ticle, herewith given, is well worthy
of reproduction in every Democrati-
c paper in Ohio. It follows:

"Democratic Principles.

"The American people have never
suffered from the application of
true Democratic principles to their
affairs. The fundamental doctrines
of Democracy have always been and
are still the guiding stars of the
Republic. They engage now, as al-
ways heretofore, the best thought of
American statesmanship; they afford
the people the best scheme of gov-
ernment known to mankind, and,
according as they are applied in the
future, they will sit in judgment on
the destiny of the nation.

"Democratic principles have
brought no unjust wars upon our
people; they have marked out no
campaign of oppression at home or
abroad; they have raised no inequi-
table discrimination between in-
dividuals, communities or states; they
have enacted no unjust economic
laws; they have established no spe-
cial privileges; they have abridged
no reasonable personal liberty; they
have sacrificed no right and no in-
terest upon the altars of greed or
ambition.

"On the other hand, since the
foundation of the Republic, these
principles have constituted the na-
tion's only safeguard against the
dangers of centralized government.
When their adherents have been in
the majority these principles have
been the greatest power behind Amer-
ican progress, and the foremost
conservators of equality before the
law, and of public and private mor-
ality. When their adherents have
been in the minority they have been
the most useful restraint against
vicious legislation; so that today,
notwithstanding the government
may have departed somewhat from
its original Democratic moorings,
these principles still exercise a pow-
erful influence to bring it back
again, and constitute the only de-
terrent against absolutism and po-
litical chaos.

"Equal rights for all and special
privileges for none; the broadest
recognition of personal liberty con-
sistent with public safety; the pres-
ervation by the several states of all
powers not conferred by them upon
the federal government; legislation
by few laws, rather than by a com-
plex system of many laws; strict
adherence to their legal functions
by the several branches of state and
national governments—the execu-
tive, legislative and judicial—and
no interference with one another;
no paternalism except for education
and the unfortunate subjects of
public charity—these are the funda-
mental principles whose observance
is vital to the preservation of popu-
lar government, and to which its
survival, so far as it has survived,
is due today."

To Cure Rheumatism

The excessive accumu-
lation of uric acid must be
eradicated from the sys-
tem. Dr. Miles' Nerve
used as directed for rheu-
matism, is alkaline in na-
ture. It neutralizes this
acid, and its soothing ef-
fect upon the irritated
condition of the nerves
relieves pain and induces
sleep and rest.

"I was suddenly taken with a severe
pain in my foot. My physician could
not tell what was the trouble. In a
few days I had the same trouble with
the other foot. I was so crippled that
I could scarcely walk and at times I
had to crawl on my hands and knees
from my bed down stairs. After hav-
ing my shoes on for an hour or two
I could manage to walk by suffering
the pain. I suffered more or less all
summer, and tried almost everything
but got no relief. Then I began to
have pains all through my system.
My doctor told me I had a severe at-
tack of inflammatory rheumatism. I
was in the hospital for weeks, but I
was scarcely able to walk when I left
it. I read about Dr. Miles' Nerve,
bought a bottle and also wrote the
Miles Medical Co. for advice. They
advised me to add salicylate of soda
to the Nerve, and I commenced to
get better from the start and for the
past six months have scarcely any
pain and am able to walk as well as
ever."

WHY FLEET WAS ORDERED TO PACIFIC

Washington, Sept. 23.—A factor
which, army circles believe, may have
been one of the most potent in influ-
encing the president to order the At-
lantic fleet to the Pacific coast is found
in a paragraph in a report by Captain
William V. Judson, corps of engineers,
one of the military observers with the
Russian army in Manchuria during the
last war. In his report Captain Jud-
son says: "It is interesting also to re-
flect upon what would have occurred
if at the outbreak of war the Russian
fleet in the far east had not been lim-
ited to a few protected cruisers, all
battleships being retained in home
waters. It can not be believed that
the Japanese would have precipitated
a war if the Russian navy had not
been scattered to their liking. This
is, to be sure, a naval question, but
strategy is much the same on land
and on the sea, and one is forced
wonder why we maintain several ba-
tleships on the Asiatic station sub-
ject to destruction in case of sudden war."

A NATIVE OF OHIO

New State of Oklahoma.

ONCE ACTIVE IN OHIO POLITICS

Charles N. Haskell's Rise From Ob-
scurity in Northwestern Ohio to Po-
litical Prominence—Assignment of
Troops for Dedication of McKinley
Monument—State Affairs.

Columbus, O., Sept. 23.—To Ohio
falls the honor of furnishing the first
governor of the new state of Oklaho-
ma. Charles N. Haskell, who defeat-
ed the territorial governor, Frank
Frantz, is not unknown in Ohio poli-
tics. Mr. Haskell was long a resident
of Ottawa, Putnam county, O. He
grew up in the northwest as a poor
and ragged urchin with a great deal
of pluck and self-confidence and a
disposition not to be overawed or
threatened by anybody. His mind had

a natural bent for railroad work and
he became identified with different
propositions, eventually becoming an
associate with the late Calvin S.
Price. He was known in connection
with several Ohio roads and later in-
terested himself with telephone lines
in Texas and finally Oklahoma. In
the noted Democratic state convention
held in Zanesville in 1899, when John
R. McLean was named as the Demo-
cratic nominee, Mr. Haskell was the
favorite of the Democratic northwest.
He was subsequently mentioned in
connection with the senatorship. He
located at Muskogee, T. T., several
years ago and is prominently identi-
fied with the banking interests of that
rapidly growing city.

Adjutant General Critchfield has
made the following assignment of
state troops for the dedication of the
McKinley tomb at Canton Sept. 30:
The entire Fifth and Eighth regiments
commanded respectively by
Colonel Charles X. Zimmerman, Cleve-
land, and Colonel Edward Vollrath,
Bucyrus; Troop A, commanded by
Captain William M. Scofield, Cleve-
land.

Major George S. Marshall's battalion
of the Fourth regiment, consisting of
Company A, Captain Richard E. Hull;
Company B, Captain Frank D. Oyler;
Company C, Captain Edward M. Clem-
mons; Troop B, Captain R. W. Knauss,
all of Columbus.

Major Tom C. Crosson's battalion
of the Seventh regiment, consisting of
Company A, Zanesville, Captain Alex
Robertson; Company B, Marietta, Cap-
tain Charles S. Benedict; Company D,
Somerset, Captain Elmer Walker;
Company H, New Lexington, Captain
Arthur J. Teal.

Governor Harris will attend with
the troops as commander-in-chief, ac-
companied by his staff, Adjutant Gen-
eral Critchfield, Assistant Adjutant
General Kautzman, Quartermaster
General Miller, Brigadier General
William V. McMakin of Toledo and
other officers of high rank, including
Major General Charles Dick of Akron.

Secretary of State Thompson will
look to the legislature for a revision of
the state laws for gathering vital sta-
tistics with a view to greater accuracy,
and a bill will be introduced into the
legislature taking this work off the
hands of the probate judge and
placing it under the care of the phy-
sicians and midwives, who have in-
imate personal knowledge of births and
deaths. A blank will be furnished set-
ting forth all the necessary data, and
it is probable a small fee will be pro-
vided. These statistics are now col-
lected by the annual assessors, who
cannot be expected to furnish accurate
returns on a cursory canvass
made only once a year.

Actuated by personal differences
there is revival of talk about reor-
ganizing the senate, when the legis-
lature re-convenes, to depose Senator
Williams of Cleveland as president
pro tem of the senate. All sorts of
rumors are circulated in connection
with the expressed desire to over-
throw Mr. Williams, one being to the
effect that he assumes because of his
position that he is lieutenant gov-
ernor and entitled to the salary of that
office since the translation of Lieuten-
ant Governor Harris to the governor's
chair. It is fair to Mr. Williams to
say that whatever difference of op-
inion may exist as to his exact of-
ficial standing is due to the fact that
the statutes of Ohio do not clearly

showing a vacancy in the office of
lieutenant governor beyond the eleva-
tion of lieutenant governor. It would
even now be difficult to decide who
should succeed to the office of gov-
ernor in case of vacancy before January,
1909. It is intimated that the Demo-
crats in the senate may call a caucus
and decide on an entire new roster of
officers, possibly retaining A. P.
Sandies as chief clerk and B. S. Bart-
low as sergeant-at-arms, and depend
on Senator Lamb (Ind.) of Toledo to
help put it through, possibly assisted
by some Republican senators. Action
of this kind would set a precedent
for a reorganization of the house, as
discussed in a letter several weeks
ago.

Members of both branches of the
legislature may discover before they
reassemble that great danger will at-
tend their session if they undertake
to meet in any other form of organiza-
tion than now exists, with Mr. Wil-
liams as president pro tem of the
senate and Freeman T. Eagleson as
speaker of the house.

When the state institute for deaf
and dumb opened for this year there
were 340 pupils present. Superinten-
dent Jones expects the total attend-
ance this year to reach 500. The fol-
lowing changes in the teaching force
of the Deaf and Dumb institute have
been made: Grace Tracey of Peables
will succeed Miss Lillian Rhoads of
Newark, who has entered an eastern
college; August Berker of Piqua suc-
ceeds Lloyd Gaugman of Bettsville,
who will teach school in Seneca coun-
ty, and Miss Mary Wright of Zanes-
ville will succeed Miss Delight Rice
of Columbus, who will engage in simi-
lar work in the Philippine Islands; Miss
Laura Armstrong of Woodsfield
will succeed Miss Anna Snader of
Ashland, who is soon to be married.

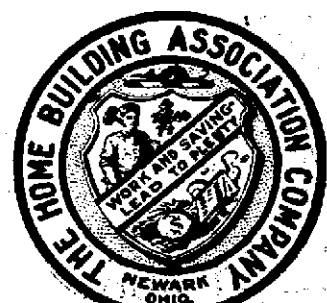

The school at the state institution
for the blind will open Sept. 26, with
an indicated attendance of 300 pupils
and will be under a new superintendent
this year. E. M. Van Cleave of
Steubenville succeeds Dr. Edwin M.
Brown of Columbus. There will be no
change in the teaching force. Super-
intendent Van Cleave proposes to in-
augurate a forward movement in the
trade schools of this institution and
have as many pupils as possible
taught such vocations as chair caning,
piano tuning, basket and broom mak-
ing and domestic science. He also
will start a movement to bring more
little children of the age of eight into
the institution in order that the work
of teaching them may be started early.
In the state in 1900 there were 1,500
blind children of school age and
Superintendent Van Cleave will try to
at least double the attendance.

When Governor Harris was asked
what he knew about the report that
the board of trustees of the Athens
state hospital would send him a report
making serious charges against Super-
intendent Hanson, he said: "I know
nothing about it. I have heard that
such a document is to be sent to me,
but my information is limited to
rumor. I have known no trouble in
the institution since the investigation
in regard to the case of Rebecca
Adams, and am completely in the dark
as to any occurrences there. I know
the board holds its regular monthly
session on the 15th of each month, but
had heard nothing about any investi-
gation pending there. When Dr. Han-
son was selected as superintendent I
feared there would be trouble for
reasons entirely apart from his man-
agement of the institution. I should
not wonder if factional politics did
not have something to do with the
trouble, if there is any. No report has
been received by me bearing on the
case, and all I know about it I have
read in the daily press. When Dr.
Hanson was elected I advised the
board to take some one outside of the
Athens district, fearing that his fac-
tional enemies would make it intol-
erable for him to remain." While at-
tending the reunion of his old reg-
iment, the Seventy-fifth O. V. I., the
governor had an opportunity to look
into the hospital affair, but with
what result is not yet known.

Attorney General Ellis has not yet
announced his decision as to whether
the terms of sheriffs and county
treasurers will expire at the end of
the year or whether they are also car-
ried over under the acts of the legis-
lature extending the terms of other of-
ficials to bring about biennial elec-
tions. It has been suggested that a
friendly suit be submitted in supreme
court to decide this question, but
there is no apparent basis on which
such a suit can rest before such of-
ficers would actually reach the extend-
ed period.

The official figures are still unavail-
able, but a close estimate places the
profits of the state fair this year at
about \$20,000. This is an increase of
about 100 per cent over the excess of
last year. Secretary Calvert is of the
opinion that the state board of agri-
culture should improve the drive ways
on the grounds, as they are in bad
condition in wet weather, and it is
quite probable that a portion of the
proceeds will be appropriated for that
purpose.

Secretary Probst of the state board
of health is sending out to the mayors
and health boards of the various Ohio
cities an invitation to attend the in-
ternational congress on tuberculosis in
Washington, D. C., in October. It is
purposed to have an Ohio exhibit at
the meetings, and all of the cities in
Ohio are expected to send representatives.
Harris will tell the story of his
tubercular camp to the assembled

WINTER VEGETABLE GREENHOUSE AT W. S. WEIANT'S RESIDENCE COVERS TWO ACRES OF LAND

**New Industry Established Near Newark That Employs
Score of People--Hot Water Heating System Has
Just Been Completed--80 Foot Smokestack.**

Two fertile acres under a glass roof—a huge greenhouse in the construction of which 50,000 feet of heating pipe were used—a new industry giving employment to a score of people—such are the striking features of the latest work of Warren S. Weiant.

Mr. Weiant brought to Newark its first telephone 25 or 30 years ago. He was later the organizer and promoter of the independent Telephone company which today serves about 3000 Newark subscribers. A few years ago Mr. Weiant with a number of other citizens formed a company which bridged the span between West and Central Newark with a series of about 30 houses and which also developed a beautiful residence section of the city.

His latest work is the establishment of the Little Kalamazoo Celery Farm, five miles east of Newark on the trolley line, and the feature of this new enterprise is the mammoth greenhouse just finished for the purpose of supplying Newark and surrounding towns with winter vegetables. Heretofore Newark bought her celery, cucumbers and lettuce from other towns. Henceforth Newark is a seller instead of buyer.

As an experiment last fall Mr. Weiant built a greenhouse 50x200 feet. The new building just finished is 300x200 feet. It took 50,000 feet of 1 1/2 inch glass for this work and 30,000 feet of one and half inch pipe for the hot water heating apparatus. The boiler room, 36x72 feet, contains two 100 horse power Scotch marine internal flange boilers of the latest design, three turbine pumps, which force 360 gallons of hot water through the pipes each minute. A 80 foot smokestack with a three foot fuel stand 80 feet high, and fuel comes from a Pennsylvania railroad sidetrack nearby. The greenhouses are equipped with ventilators operated by wheels which open many windows with a few turns of a wheel, while sprinklers shower the growing vegetables with one turn of a spigot.

The two greenhouses are 1000 feet apart and are connected by underground heating pipes. The Weiant residence being midway between them, branch pipes have been run into the house in order to heat the dwelling during the winter season. It is an interesting fact that the water is conveyed from the central heating station to the greenhouse 1000 feet distant, losing only 10 degrees of heat during the long trips. The new greenhouse or greenhouses, as there are 15 in all, each "house" being 15 feet wide and 300 feet long, have been built to raise lettuce and cucumbers, and the product sold here last season testified to the splendid quality of the goods. Outside of the glass houses is the seven acre celery tract and four acre onion patch from which 1300 bushels of onions were raised this season. Many local grocers have been supplied with produce from this farm and the trade in Columbus and Central Ohio cities has also been supplied with the Licking county products.

Mr. Carl Weiant has superintended the entire construction of the big plant which was commenced last fall. Mr. Robert Dunkley of Kalamazoo, Mich., who is now here will be superintendent of the greenhouses. Young & Summers of Toledo, put

in the fine hot water heating plant inside the power house while the extensive job of plumbing, including the coils and pipes—nearly six miles of pipe—was done by Mr. Fred C. Evans of this city.

The Little Kalamazoo Celery Farm which already has a splendid reputation for the kind of produce it sells, now gives employment to about 20 people, and it must be remembered that it is only in its infancy. It is a new industry and it certainly deserves the success that is sure to come.

Clouse & Schaneweler's opening display of fall and winter millinery will take place September 26, 27 and 28, Thursday, Friday and Saturday of this week. See large ad. in today's paper. 9-23-d3t-swit

Mrs. Edward Hatfield Died in Columbus—College Town Personal Paragraphs.

Granville, Sept. 23.—Carl F. Duerr, who is president of the Sophomore class at Denison university, was taken from his room at 2 a. m. by a body of nine Freshmen, who escorted him into the country and visiting a gas well, exchanged Mr. Duerr's pajamas for a pair of overalls and shoes to protect him from the chilling winds. The Freshies eluded the band of Sophs in pursuit and finally returned to the college with their captive, whom they tied to a tree in front of Stone Hall, at the girls' college. Mr. Duerr remained bound but a few moments, however, as he managed to break loose as soon as the Freshmen got around the corner. Class spirit is running high. One report has it that Duerr remained tied to the tree until some of the Sem girls seeing his predicament, released him, but the Sophs stoutly declare that he was not tied more than a minute.

Considerable excitement was occasioned by a dog in the western part of the village Saturday night. The appearance and actions of the canine made those who saw it fear that it was either mad or had been poisoned. An effort was made to kill the animal but it escaped.

Miss Sue Theobald of Canton, returned to Denison last week.

Mrs. Bertha Hatfield, wife of Mr. Edward Hatfield and daughter of Mr. L. S. DeBow, died at her home in Co-

lumbus Friday, September 20, after an illness of only a few weeks, aged about twenty years. The deceased was a most estimable young woman, and has many friends who will deeply mourn her death. The funeral services were held at the home in Columbus and the remains were brought to Granville Monday morning and interred in Maple Grove cemetery. The relatives of the deceased young woman in Granville have the sympathy of their friends in their sorrow.

Robert Walsh, D. U., '07, who is traveling for the Scrap company, was in Granville Sunday.

Mrs. William Edwards of Hamilton, O., who has been visiting relatives and friends here for the past several weeks, has returned home.

Miss Myrtle Miller and Miss Ruth Allen were in Granville Sunday.

Prof. C. J. Herrick and family left Thursday for Chicago.

Henry Thomas, a well known young farmer, residing a short distance northeast of the village, was engaged in baling hay Saturday, when one of the fingers of his right hand was caught in a chain, badly mangleing it.

WHOLE FAMILY
Lined Up But Sight of Six Shooter Produced Peace and No Trouble Occurred.

Quite a sensational affair took place in Franklin township last week that promised to end in bloodshed. Several months ago Charles Murray and Oliver Saffel, proprietors of a lively stable sold the property to George Cass of Franklin township. In order to secure Murray & Saffel he gave them a mortgage on a part of the stock. The venture proved unprofitable and Cass was obliged to retire from the livery business, and the property reverted back to Murray & Saffel. In order to secure a loan of \$200 Cass gave Murray & Saffel a mortgage on some wagons, cattle horses, harness, etc. The mortgage finally fell into the hands of Mr. R. M. Smith, the well known druggist, and he in company with Mr. Murray, went out to the home of Cass to get the property. Upon their arrival they found the entire family lined up in the yard in front of the house, armed with shotguns, knives, pieces of gas pipe, etc. The men told them that they had come after the property, and were told to move on or there would be something doing. Mr. Murray happened to expose a six shooter, the size of a small cannon, and then there was peace, and they brought the property away with them.

VACATION ENDS WEDNESDAY

**President Roosevelt and Family to
Return to Washington.**

PLANS FOR WESTERN TRIP

Chief Magistrate to Attend Dedication of the McKinley Mausoleum at Canton Monday and the Same Day Will Leave For Keokuk, Where He Makes Another Address.

Washington, Sept. 23.—President Roosevelt's vacation at his Sagamore Hill residence will end at 10 a. m. Wednesday, when he, with Mrs. Roosevelt, members of the family and the executive staff will take a special train for Washington. During the three and a half months the president has occupied the homestead he has had the quietest and at the same time busiest vacation he has indulged in since he became an occupant of the White House.

The program of President Roosevelt's western trip has been sufficiently arranged to make it certain that the tour will be one of the most spectacular ever undertaken by him. He will leave next Thursday and will be absent from the seat of government until Oct. 23 or 24. The trip has three distinctive objects: The dedication of the McKinley mausoleum at Canton, O.; the inspection of the Mississippi river with a view to arousing interest in a ship channel from its mouth to Keokuk, Ia., and the Great Lakes, and the securing of a period of recreation to the chief executive before the beginning of the duties of the winter.

Incidentally there will be some speeches on the return journey which will deal with current issues.

The stay at Canton on Monday, the 30th, will be only a little more than sufficient in duration to permit the president to pay his tribute to the memory of his immediate predecessor, but he will there meet Vice President Fairbanks and a number of other people of note, and will make a long speech. He will then proceed direct to Keokuk, where Tuesday, Oct. 1, he will be given a notable public reception, deliver an address and begin his journey by boat down the Father of Waters, said to be, with the exception of a short voyage by President Pierce, the first trip on the river ever made by a president. At Keokuk the presidential party will be met by the governors of 23 states, all interested in all projects looking to the deepening of the channel of the Mississippi and the general improvement of inland navigation, and there, on another boat than that on which the president will travel, will constitute his guests of honor to Memphis, where the party will arrive Oct. 24. There will be two important stops on the voyage, at St. Louis on the second and at Cairo, Ill., the third, and at both points speeches bearing upon the country's future will be delivered by the president. Then the president will turn his back on civilization for 17 days of rest and sport in northern Louisiana.

BOAT WRECKED
On Bleak Shore of Lake Superior. Six Men Drown.

Detroit, Sept. 23.—The \$50,000 lake steamer Alexander Nimnick of Cleveland, O., was wrecked on the bleak southern shore of Lake Superior, 33 miles west of White Fish Point. No living soul was within many miles of the desolate place, where the survivors laboriously managed to pilot their lifeboats through the raging surf. The dead: Captain John Randall of Algonac, Mich.; Steward Thomas Parent of Port Huron, Mich.; First Mate James Hayes of Detroit, supposed to be among the dead, three or four sailors. When a few miles away from St. Marys river the steamer was left disabled and helpless under a deadly attack from the tail of a storm. Driven overboard by the steamer's breaking pieces under their feet, the crew began to battle in the small boats with the treacherous surf. Eleven managed to pull themselves up exhausted on the inhospitable coast, but one boat, containing Captain Randall and five of his men, capsized in the surf and all were lost.

Two of a Kind.
A well known clubman in New York likes nothing better than to hunt big game in British Columbia. During his last expedition to that region he was in camp with a friend from Minnesota. Toward morning says the New Yorker, he awoke shivering with cold. The fire was very low. His companion was fast asleep.

It isn't nice to get out of a warm blanket to roll frosty logs to the fire, so the wily New Yorker gave his friend a kick and then pretended to be asleep. There was no response, and presently the man from New York tried another kick.

At this the westerner broke into a laugh. "I did the same thing to you twenty minutes ago," he explained, "and that's how you came to be awake."

Then, of course, both turned out to build a fire.—Lippincott's.

SWEET CHILDHOOD.

That "dear, sweet angel child" whose grace
And beauty men so long have sung
I met today—met face to face
His ball but nearly smothered my lung.
That infant (crieb who young soul
I've heard described as "pure and sweet."
He let his soap box swift red
And nearly knocked me off my feet.

That "innocent delightful boy,"
So lora as "heavenly" fair,
I met him bliss without alloy
To hear his "mother's darling" swear.

Fond, loving lambs! Upon the street,
As busy wags (far) pass by,
How joyous 'tis your flock to meet
And get a slingshot in the eye!

"Sweet childhood!" You are raved about
In every land and every clime
But henceforth, when I hear you shout,
I'll leave the neighborhood as I am.

Test Your Baking Powder

No doubt you remember the baking powder test made in your kitchen by one of our demonstrators. It's an eye-opener—and here it is! Take one teaspoonful of Egg Baking Powder and add five teaspoonfuls of water. In another glass, place one teaspoonful of "any other kind" of baking powder and five teaspoonfuls of water. Now watch closely! As the leavening gas forms in the glass containing the Egg Baking Powder a foam like the beaten whites of eggs slowly rises until it fills the glass nearly to overflowing. After twenty minutes the Egg Baking Powder will still be standing, lively and foaming! Yes, and so firm that it will not fall, no matter how much you jar it. Now let's see what "the other kind" is doing. The water bubbles or foams a little as the gas forms, but after a minute or two it is dead. No wonder griddle cakes get soggy and fall flat almost before you put the syrup on them, when ordinary baking powder is used. You must use Egg Baking Powder if you want griddle cakes, biscuits, waffles, etc., that are light, crisp and delicious—that will almost melt in your mouth. Egg Baking Powder contains dried white of egg. No alum or cream of tartar. The egg albumen forms a film about the tiny bubbles of leavening gas and holds them in dough or batter until the baking is done. The best cooks in the country use Egg Baking Powder. It not only insures successful baking, but requires less baking powder, less eggs and less shortening. If you try it once, you'll never be satisfied with ordinary baking powder.

NATURE PROVIDES FOR SICK WOMEN

a more potent remedy in the roots and herbs of the field than was ever produced from drugs.

In the good old-fashioned days of our grandmothers few drugs were used in medicines and Lydia E. Pinkham, of Lynn, Mass., in her study of roots and herbs and their power over disease discovered and gave to the women of the world a remedy for their peculiar ills more potent and efficacious than any combination of drugs.

LYDIA E. PINKHAM

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. During its record of more than thirty years, its long list of actual cures of those serious ills peculiar to women, entitles Lydia E. Pinkham's Vegetable Compound to the respect and confidence of every fair minded person and every thinking woman.

When women are troubled with irregular or painful functions, weakness, displacements, ulceration or inflammation, backache, flatulency, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

No other remedy in the country has such a record of cures of female ills, and thousands of women residing in every part of the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound and what it has done for them.

Youngstown at New Castle.

The last league game of the season which will be played at Wehrle park occurred yesterday afternoon and resulted in a glorious victory for the Molders, they winning from Lancaster by a score of 2 to 1.

Asher and Justus were the opposing twirlers and it was a pitchers' battle from start to finish. The largest crowd of the season was present many spectators being here from Zanesville, Lancaster, Columbus and Mt. Vernon. The grand stand and bleachers were packed to suffocation and the right and left fields were called into requisition to accommodate the overflow.

The game abounded in sensational plays, in fact it was one of the best which has occurred on the local grounds this season. In the second inning Humphreys tried to block Gygil who was stealing second and he received a scratch from the latter's spikes. It was not serious, as he got back into the game. In the third Murray hit a high foul and when it came down it hit a horse, hitched to the right of the first base bleachers, on the head and caused a great deal of excitement as the animal was knocked silly and cut up capers for a period of several minutes. Horses and autos were thickly bunched in the immediate vicinity and the horse plunged and reared and finally threw itself. Fortunately no one was injured and play proceeded.

The first nine men up for Lancaster were unable to reach first, and then Eichberger hit a single, but went out on Heller's line drive to Gygil on McClintock's assist. The next two went out in order and still the Lanks had been unable to reach second. They changed the program in the next inning and made their only score of the game by Neftau singling, second on Humphreys' line drive to Murray, third on Harkins' high fly to Davis and scored on Piper's safety.

In the sixth, Eichberger, the first man up, hit a triple and then came a play that raised the thousands of spectators to their feet. Heller hit a high one which went sailing way out in center garden with Davis under it. As soon as the ball was caught, Eichberger started for the

rubber and Red let loose of the ball. On it came with the speed of a cannon ball and the throw was accurate and true. It alighted a few feet in front of the rubber and Bunny was there to receive it, catching the gent from Lanktown a few feet from the plate. The spectators wildly applauded and when "Red" came in from the field and he was compelled to doff headgear several times before the crowd was satisfied. There was nothing to it after this and the Lanks went down in easy style.

The Molders made their two runs in the third in this manner: Pearce was walked, and immediately went out at second in an attempted sacrifice by Asher, who reached first on the play. Abbott singled to left, left to Snyder, and Asher scored on a passed ball. Wratten hit to Justus and Abbott was caught at third. Wratten taking first on the play. Davis sent a hot one to Humphreys and he fumbled and followed with a bad throw to first and Snyder scored. Gygil walked and Murray went out Brown to Neftau. The Lanks settled down after the run getting by the locals and Justus only allowed one hit and no more runs were made, but they were not necessary, as we had the game annexed. The score:

TIGERS WIN TWO GAMES FROM LEADERS

HEAVY HITTING OF MANSFIELD AND POOR WORK OF UMPIRE RESPONSIBLE.

Season's Series Break Even Each Team Winning Ten Games

Mansfield, Sept. 23.—Mansfield lowered Newark's percentage by winning each of a double-header Saturday afternoon by 3 to 0 scores. Newark could not hit Lloyd, only one man reaching third in the first game, while the splendid fielding of Speas, assisted by the poor work of Umpire Bobby Hart prevented the visitors from scoring. The work of Hart was of the roughest kind and the visitors suffered badly at his hands, in the first game being compelled to put out six men in one inning.

Quite a few rooters were down from Newark and they all speak of fine treatment at the hands of the local fans. The season's series broke even as each team won ten games. Below we tell how it was done:

FIRST GAME.
First inning—Abbott hit to Drumm, Snyder to Biery, Wratten to Drumm. Biery fouled out to Pearce. Speas was hit and stole second. Drake fanned. King singled. Drumm doubled scoring Speas. McGrew popped to McClintock.

Second inning—Davis flew to Drake. Gygil to Drake. Murray grounded to Biery.

Reynolds singled. Breymaier grounded to Gygil. Lloyd to McClintock. Reynolds scoring. Biery grounded to Murray.

Third inning—McClintock singled and was called out while lying on the bag at second when Drumm dropped on him after stopping Breymaier's high throw to second. Pearce was passed. Locke's hit advanced him to second. Abbott's hit moved them up a base. Snyder popped to McGrew. Wratten sent a long one to Drake, which would have won the game had not the raw decision been made and the "umps" had used his eye in the first inning.

Speas hit safe and stole second. Drake went out to Abbott. King fanned. Drumm singled, scoring Speas and stole second. McGrew popped to McClintock.

Fourth inning—Davis grounded to King. Gygil to Biery, and Murray popped to Drumm.

Reynolds hit safe and went out on the double play when Breymaier hit to Murray. Lloyd flew to Snyder.

Fifth inning—McClintock hit to Lloyd. Pearce drew a base on balls. Locke grounded to Drumm. Abbott flew to Drake.

Biery fouled out to Pearce. Speas fanned. Drake fanned.

Sixth inning—Snyder drew a base on balls. Wratten flew to Reynolds. Davis lined one to McGrew.

King singled and stole second. Drumm popped to Gygil. McGrew was passed. Reynolds grounded to Locke. Breymaier flew to Davis.

Seventh inning—Murray got a base on balls. McClintock flew to Speas. Pearce fanned. Locke flew to Speas. Lloyd flew to Murray. Biery singled. Speas flew to Snyder. Drake singled. King grounded to Wratten.

Eighth inning—Abbott fouled to Biery. Snyder flew to Drake. Wratten grounded to McGrew.

Drumm grounded to Gygil. McGrew lined one out to Murray. Reynolds flew to Snyder.

Ninth inning—Davis fouled out to Breymaier. Gygil grounded to Drumm. Murray flew out to Drake.

FINDLY DOUGLAS, H. J. WHIGHAM, C. B. MACDONALD, THREE-PAST CHAMPIONS

NEW YORK, Sept. 23.—Of the sixty-eight golfers who started in the annual golf tournament, which began on the Morris county links, fifty-three returned cards. The field included the present champion, Jerome D. Travers, and the past title holder, Findlay Douglas, who won his spurs in the club's cause in 1898; H. J. Whigham, champion in 1896, and 1897, and C. B. MacDonald who held the title in 1895. Of the others who have held the title W. J. Travis was unable owing to business at the eleven hour to put in an appearance.

Although the weather was threatening and the going dead and soggy the scores were in strong contrast to those returned in the championship qualifying round ten years ago. Then 82 led the field, whereas on the present occasion, over a course some four strokes harder, five tied at 83 for the last three places in the first sixteen—an illustration of the improvement of players. W. D. Vanderpool, an old Princeton captain of the golf team and also of the home club, led the field with a fine card of 76. Starting well with three threes, he was out in 37, and with the aid of a two at the tenth was back at 89.

S.S.S. CURES CHRONIC ULCERS

Whenever a sore or ulcer refuses to heal it is because the blood is infected with poisonous germs or some old blood taint which corrupts and pollutes the circulation. Nothing is more trying than a non-healing, chronic old ulcer. The very fact that it resists all external applications, and ordinary treatments, is good reason for alarm, for the same germ which produces cancerous ulcers is back of every old sore, and especially is this true if the trouble be from any inherited taint. Surface treatment cannot reach the trouble—the blood is at fault and must be purified before a cure can be hoped for. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is a perfect blood purifier—one that goes directly into the circulation and promptly cleanses it of all impurities, poisons and taints. The ulcer can never heal while the blood discharges into it the noxious matter with which it is infected, but when S. S. S. has rid the blood of this cause and freshened and built up the circulation the sore will heal naturally, and of its own accord. S. S. S. begins at the bottom and heals the place as it should be healed and makes a permanent and lasting cure. Book on Sores and Ulcers and any special medical advice desired will be sent free to all who write.

BUSY SESSION
OF POLICE COURT
MONDAY MORNINGWIFE BEATING, PLAIN DRUNKS
AND THREATENING LIFE OF
THE MAYOR.Ex-Policeman Dawson Heavily Fined
—Romanian Assault Case Up
on Tuesday.

Police court Monday morning ranged all the way from men who were arrested charged with threatening the life of the chief of police and the mayor of Newark, to wife beating and plain drunks. It was a motley crew that received their sentences and showed that the police were kept on the jump Saturday and Sunday.

S. L. Dawson, a former policeman, whose arrest was noted in Saturday's Advocate, was arrested Friday night at 11:30 o'clock by Officers Shively and Wylarch, and charged with carrying concealed weapons, pointing a revolver at Sylvester Webb and threatening the life of Mayor McCleery and Chief of Police Sheridan. Dawson admitted that he was drunk, but said that he didn't know anything about other charges. Several witnesses will be called when his case comes up for further investigation, as it is said that several men were witnesses to his actions, and his threats. He was fined five and costs for being drunk, \$25 and costs for carrying concealed weapons, and the rest of the charge will be further investigated by the police department. He was committed to the county jail.

John Felker, who conducts a saloon at First and Railroad streets, was arrested Sunday afternoon by Officer Swank and charged with selling liquor on Sunday. His place was watched all day by the officer who forced his way into the cellar and found sixteen or seventeen men drinking at the bar. His case will be called later.

Sam Richards got tanked while in a livery stable, and if his claims are true, was also touched for \$7 and a watch. Officer Abbott arrested him when he was "all in." He drew five and costs.

Ed Target got drunk, then disorderly, resisted the officers and used profane language to them when force was used to take him into custody. He was fined \$20 and costs by the mayor in police court Monday. Officers Shively and Wylarch are credited with the arrest.

Sam Buckaioo was much the worse for liquor when arrested by Officers Callan and Carroll Saturday night. Sam had a bad nose on him which he got by coming in sudden contact with Mother Earth. He was fined five and costs and sent to the county jail.

John (Doc) Bolan was arrested by Chief Sheridan Saturday night for being drunk and exposing his person. In police court he drew \$10 and costs for his share of the excitement.

In the rough sea that was on Sunday, John Moran was swamped. He was rescued by Driver Cooper and sent to the city's re-

lief station. For being rescued he was fined \$5 and costs.

John Berner, coming from Homer, was the worse for booze and was picked up when Felker's saloon was pinched. He was in the cellar and barely able to navigate when caught by Officer Swank. Usual five for John.

The neighbors were the cause of Sam Parker's arrest Sunday night, they claiming he was drunk and beating his wife. Captain Bell drove to his home, 83 Pataskala street, in the patrol wagon and placed Sam under arrest. He was fined \$5 and costs and the charge of wife beating will be further investigated.

Joe Savy was arrested Saturday afternoon for being drunk. Officer Carroll picked him up and sent him to the city jail. He drew five and costs Monday.

W. M. Leedom was arrested Sunday morning at 6:30 by Wagonman Brown and charged with being drunk and begging. He was fined five and costs.

James Murray was nabbed Saturday evening at 8:10 as he rode into Newark on a B. & O. freight. Detective Roberts caught the man at the depot.

Charles Wallace was arrested by Chief Sheridan for being drunk. Charles comes from Zanesville and is out on bail.

"Dink" Leonard was again in police court Monday and was charged with being drunk, disorderly and resisting an officer. Chief Sheridan and Wagonman Brooks had their hands full all the way to the city prison, as the bug judge Dink had on board was the fighting kind. When he was fined \$5 and costs for being drunk, \$25 and costs for disorderly conduct, and \$25 and costs for resisting the officers, he only smiled and said, "Well, your honor, it is getting rather chilly now, anyway."

John Foley and Jack Edmontson, who were arrested Friday night for being drunk and frightening children, were fined five and costs for being drunk. The mayor decided that the children's imagination was responsible in a measure for the chasing and the men were not fined on that charge.

The Romanian assault case will probably be heard in police court on Tuesday morning if the prosecuting witness is able to be present. His condition would not permit him being brought in Monday morning. In all probability the defendant will be bound over to the grand jury as the charge of assault with intent to kill is a serious one.

John Unverzagt, who conducts a saloon at the Gus Kerns old stand, was arrested Monday on a affidavit sworn out by Officer Shively charging him with selling liquor on Sunday. His case will be heard Tuesday.

F. B. and Mary Armstrong were arrested Monday, charged with using threatening and profane language against Mrs. Eliza Armstrong and husband.

John Filkner, arrested Sunday by Officer Swank for violating the Sunday closing law, appeared before Mayor McCleery Monday afternoon and pleaded guilty. He was fined \$50 and costs.

The mayor has received word from M. J. Terhune, Lieut. Commander U. S. Navy, that Fred Felton of 191 South Second street had deserted from the navy. The police are searching for the young fellow and if found he will be held and officials of the navy department will be notified.

SPORT GOSSIP

(Continued from Page 6.)
The only men on the team who received a hit in yesterday's game. It's all off between Youngstown and Akron. Wright will not play the postponed games with the robbers bunch from Rubber Town.

Akron's methods of winning games are being condemned all over the state. Walter Football East, true sportsman, would stoop at nothing.

Only two attempts were made to piff off Benny yesterday and he caught them before they got anywhere near the second sack. They then gave it up and did not try again.

Over a hundred fans were at the game yesterday from Zanesville and they certainly gave Ned Davis an ovation when he came up the first time. The Lancaster fans were there to root for their favorites but it was all in vain.

W. A. Smith, manager of the Atlanta team of the Southern league, was an interested spectator of yesterday's game. He has been following Newark for the past three days and will likely draft one or two players from the O. & P.

The fiasco at Akron Saturday in which Bill Bannon, Charlie Morton's umpire, gave a game to Akron, is causing a great deal of talk. Morton is fast losing friends over the circuit and might probably get Akron's support when he again asks to be made the head of the O. & P. league.

It certainly was fortunate that no one was injured when the horse which was hit by a high foul began acting queerly. Rigs and people were thick but they managed to keep out of the way.

Capt. R. H. Lime, day captain of the guard of the Ohio Penitentiary, was a visitor in the city Sunday and witnessed the game with Lancaster. Capt. Lime is one of the most enthusiastic ball fans in the capital city and states that Newark puts up a splendid game of ball. In fact he says it is equal to some of the games of the American Association. He looks for Newark to win the pennant.

A Columbus player, after the game, said Daubert, who has been purchased by Cleveland, will not make good there but might find a berth at Toledo. —Times-Bee, Toledo.

Fox and Luskey were the battery for the Lime Burners in the game with Columbus Saturday. Eight hits were made by Columbus and four by Marion. The score resulted 2 to 1 in favor of the Senators.

The Newark, N. J., team of the Eastern league broke even in a double header with Montreal, Saturday. Asher fanned five men in yesterday's game while not a Molder was breezed by Justus.

COLUMBUS DEFEATS MARION

Marion, Sept. 23.—The Columbus champion team of the American association defeated the Lime Burners of the Ohio and Pennsylvania league Saturday, 2 to 1, in a game abounding in sensational fielding by both teams.

The contest was one of the fastest and most exciting ever witnessed at Webb park.

SCHWEITZER BRINGS
SUIT AGAINST THE
CITY OF MT. VERNON

Asks For \$5,000 Damages for Falling Into an Open Sewer Which Resulted Seriously.

A special telegram from Mt. Vernon to the Advocate says:

Albert Schweitzer, a member of the Newark Baseball club, today filed suit against the city of Mt. Vernon for \$5,000 damages, received on September 8, while walking on West High street. He fell in a trench, where workmen were excavating for a sewer, and fractured his collarbone and received other injuries which may result permanently. His attorneys are Owen & Parr of Mt. Vernon.

They are discussing in England the compulsory use on automobiles of automatic controllers to prevent a machine from running above a maximum speed on public roads under any conditions. There is said to be no difficulty in furnishing the device.

ONLY CHAMPS
AND AKRON
CAN LOADOTHER CLUBS MUST BE GOOD
AND NOT SECURE PLAYERS
TO HELP OUT.Can Morton and East Lang the Pen-
nant by Present Method
Tactics?

Youngstown, Akron and several of the other clubs of the O. P. league are yelping their heads off about Newark loading by securing Red Davis to help out our crippled team. The facts in regard to the securing of this particular player are well known. After Al Schweitzer was injured and compelled to leave the game Bob Berryhill took his crippled team through the East on a two weeks' trip and we all know the result. It was disastrous for the Molders. In the meantime Akron was fortifying and added three new men. Youngstown, not to be outdone, added four and Sunday's Vindicator says: "Manager Sam Wright has collected so many players in the last couple of weeks that there aren't enough uniforms to go 'round."

Now what do you think of that? We secured Red Davis of Zanesville two days before the P. O. M. league season closed. We played a crippled team on the road for two weeks and when we are compelled to legally secure a player to help out in the outfield, the two clubs, who have loaded with players enough to make up several new nines, do the whining stunt that makes them appear ridiculous.

We have played our four twirlers all season and although Manager Berryhill was offered the best pitcher in the P. O. M. league he would not use him. Youngstown has secured four new twirlers and Akron three. Who paid McGrew's expenses and salary with Mansfield for the last games against Newark? Who paid Ferd Drumm to play with Mansfield? Why was not McGrew in yesterday's games? Is the answer not apparent?

Charlie Morton, the president of the O. P. league, who is supposed to be impartial in all matters pertaining to the teams, knows full well that he will be a dead one in league affairs after this season closes and he will do anything to advance the Akron club's chances to win the pennant.

Walter East is well known in the eastern part of the state as a manager who will stoop to anything. He had his trained hirelings on hand to insult the Youngstown visitors at Akron last Monday, and he has forever lost the friends he might have had in Youngstown.

The Molders will go right along the last minute, under the direction of one of the ablest, cleanest and truest sportsmen that ever donned a uniform. His record is beyond reproach, and if Morton, East & Co. are awarded the pennant through the machinations of themselves, they can take the pennant and we will assure them that not another city in the league will envy them.

BLACK HAND 2; PATTERSON'S 0.
One of the best amateur games of baseball played a year was played by Patterson's Cubs and the Black Hand team on the latter's ground, the score resulting 2 to 0 in favor of Black Hand. The game was a pitcher's battle, Fulk having slightly the best of the argument.

STOUP SAID TO
BE DRAFTED

A special from Detroit Sunday stated that Joe Stoup had been drafted by the Detroit team of the American league. The officials here have not as yet received notice of the same, but will probably hear Tuesday, when they receive Secretary Farrell's bulletin. It is thought that Detroit drafted Stoup for the Newark, N. J., team and will turn him over to that club. Sam Havel, a former member of the Molders,

FORMER LICKING CO. MAN ONE OF TWO
IN WORLD LIVING WITH BROKEN NECK

ALONZO SOUSLIN.

Photo by Grossman, Dayton, O. Copyright. Used by Permission.

Alonzo Souslin, one of the only two men now living with a broken neck, arrived in Newark Monday afternoon from Dayton, Ohio. He will go back home on Tuesday and return with his wife and child to attend the Licking county fair, at which time he will visit his sister, Mrs. Joseph E. Stewart and friends in this vicinity.

Eleven months ago to the day, Mr. Souslin met with an accident while painting at the National Cash Register works in Dayton. He was employed by P. M. Harman & Co., and this firm paid his hospital bill, but he received no money from them or the Cash Register company. It was while he was at work that a plank fell breaking his neck and he was hurried to a hospital, where

he remained nine weeks. As only 14 men are known to have recovered from a broken neck and as but one other than Mr. Souslin is now living the doctors expressed little hope of his recovery, but Mr. Souslin is able to be about today, though he is forced to constantly wear the headgear shown in the picture. He suffers little inconvenience, but is of course not able to perform manual labor. Mr. Souslin is supporting his wife and little child, aged 3, by the sale of souvenir postal cards and a little booklet telling his own story of the accident and a reporter's story also. He carries excellent recommendation from the leading citizens of Dayton. Mr. Souslin was born in Eden township, Licking county, and has many friends in this city and county.

This is by far the largest gain for any year, and with the exception of 1903, which showed a gain of 120-201 cars, is more than double the gain shown in any previous year.

In tons of freight moved one mile, there was a gain in 1906 over 1905 of 15.7 per cent. This was the largest gain, in point of tonnage, in the history of American railroading, and the largest in point of percentage for eight years.

There was a mild shortage of cars in 1906, but the shortage did not compare in any sense with that which developed in 1902, and seriously crippled many branches of industry. Thus in this year, the car building shops have been turning out cars at least as rapidly as they did in 1906, and the prospect is that the end of this year will find the railroads to have made about as large a gain in number of cars as they did in 1905.—The Iron Trade Review.

LONG TROLLEY TRIP
MADE THROUGH NEWARK

Sherman lodge, K. of P., of Indianapolis, passed through Newark, Sunday, enroute to Zanesville, on a special trolley car. It was the longest run ever made over the line and the party of 10 reached Zanesville an hour ahead of schedule time.

From Zanesville the party boarded B. and O. passenger No. 8 and continued their trip to Wheeling. The officials are very much pleased by the excellent showing made over the line, and the fact that the car made excellent time without an accident is gratifying.

The fish population of the Nile is said to present a greater variety than that of any other body of water. An expedition sent from the British Museum not long ago secured 9,000 specimens.

MYSTERIOUS WOMAN IN BLACK

Reynoldsburg Village Excited Over Prospect of Arrest of Person Who Caused Several Destructive Fires There Recently.

The entire village of Reynoldsburg, lying west of Newark, is in the throes of excitement over the report that four recent fires which have destroyed three residences and one barn have been the results of the incendiary efforts of a mysterious woman in black, whose identity is entrusted to the state fire marshal alone.

For months past a great majority of the villagers have lived in the constant fear that before morning they might be called upon to save themselves from the ruins of their homes. Four fires have caused the entire ruin of three houses and one big cow shed in a certain district of the village. Every one of these fires has been accompanied by certain circumstances which have pointed to the origin as incendiary. Another thing which has added greatly to this theory is the fact that all four of the fires have occurred in the small district.

About a month ago the villagers became so anxious over their property that following the last fire they secured the service of Private Detective Donald W. Short of Columbus, whose four bloodhounds were placed upon a trail leaving the scene of the burning. The bloodhounds followed the trail as far as the road where it was lost for the reason that the road had been too much traveled to retain the scent. The detectives however, did not cease their labors, and the first thing that began to attract their attention was the presence upon the highway, long after midnight, of a woman dressed entirely in black.

Farmers testified that the woman was seen upon the highway every night that the fires occurred and that she seemed to be in the habit of walking out long after midnight without escort and upon missions of which no one seemed acquainted. This led to an investigation which is now said because of circumstantial evidence, to have fastened the suspicion of the crimes upon this woman. Investigating still further the name of the woman is said to have been obtained and the evidence accumulated was turned over to the fire marshal.

Meanwhile, as the residents of the village are unacquainted with the

name of the woman, the entire village is very curious, and is holding its breath until the fire marshal's office shall take some action.

BEN DICKERSON'S CASE IS UP TUESDAY

Coshocton, Sept. 23.—Ben Dickerson's case will be heard before the supreme court at Columbus tomorrow. Prosecutor Glenn goes to Columbus tonight to argue the celebrated murder case. Dickerson's fate will be settled in a few days. He had been granted a new trial by the Circuit court but the prosecution appealed to have the supreme court pass upon the case.

RECEIVER IS NAMED FOR A WEST END STORE

CO-OPERATIVE GROCERY HAS BEEN IN OPERATION FOR TWO YEARS.

Fifty Stockholders in Concern—The indebtedness is estimated to be about \$2500.

For the past two years the heads of about fifty families in West Newark have been engaged in conducting a grocery store under the name of the Co-operative Grocery company. During the greater part of this time the store has been under the management of Mr. Albert Marple, but the business for some reason or other began to drag and the concern became involved. A few days ago, at a meeting of the stockholders, the situation was talked over, with the result that Mr. Marple has turned over the store to Mr. J. C. Goodhart, to act as receiver, and dispose of the stock and collect the book accounts. There are fifty stockholders, limited to five shares of \$10 each. A. S. Mitchell has been employed as attorney in the case. The indebtedness of the concern is estimated to be about \$2,500.

Common Pleas Court.

In the case of John H. Meador vs. Charles J. Graef, the personal property was reported sold at receiver's

sale; the receiver has made his return, which was confirmed. The former appraisement of the leasehold estate was set aside and a new appraisement ordered. Kibler & Montgomery.

Lizzie Brown vs. C. N. & Z. railway company, leave given to file reply. Fulton and Fulton, James; Fitzhugh, Pomerene.

The case of Mary C. Lees Barrows vs. Orville Kiger et al., is on trial to the court today. Suit is brought to recover the value of certain trees which plaintiff claims defendants cut off of her land. The dispute arises over the ownership of the ground from which the trees were cut. Flory & Flory; Norpell & Norpell.

In the case of Frank Myers vs. Frank Vermillion et al., trustees of Hopewell township, the court ordered the preliminary order of injunction made perpetual. Bond for appeal was fixed at \$50. The suit was brought to restrain the trustees from diverting certain surface drainage on to plaintiff's land. Norpell & Norpell; Swartz, Kibler & Montgomery.

Rosa Bevard vs. Jackson Wertz et al., decree of settlement. Smythe & Smythe; J. B. Jones, Black.

John Wilson vs. Geo. A. Weekly et al., decree of plaintiff. Nott.

Agnes Herron vs. Lucy Irwin, judgment of dismissal. Smythe & Smythe; Hunter, Kibler & Montgomery.

Chas. P. Sams vs. Benj. F. Sams, report of appraisement confirmed, and order of sale. Proceedings reported regular. Swartz.

JUMPS TO DEATH

Earl Hampton Ground to Pieces at Thurston—Passengers See the Accident.

Thurston, O., Sept. 23.—Earl Hampton, 21, a farmer living at Laingsville was instantly killed by a T. & O. C. train at this place Sunday evening. The young man was coming to Thurston to cut corn for his brother-in-law, Edward Nelson. Hampton attempted to alight from the train at a cross roads. He fell against a pile of ashes and was thrown back under the wheels. Both of his arms were cut off above the elbows and his head was crushed. His fall was witnessed by several people on the train. The body was taken charge of by Undertaker Winegarden of Pleasantville. The dead man was unmarried.

NEW BANK OPENS FOR BUSINESS HERE MONDAY MORNING

The new Guardian Savings and Trust company opened its doors Monday.

P. S. Phillips, the well known contractor, was the first depositor, and following him came many friends of the bank who wished to open accounts.

As mentioned in the Advocate, Saturday, the new building that the bank will occupy, is to be an elaborate structure built especially for the company, and will be one of the finest blocks in the city.

The Columbus Clearing House Association sent an immense bunch of American Beauty roses to the new institution, with best wishes for success.

GENERAL NEWS OF BUCKEYDOM

ATTORNEY GENERAL THINKS THE STANDARD NOT IN CONTEMPT IN OHIO.

Freight Engine Explodes—Not Earnings of State Fair—Slot Machines Seized.

Columbus, O., Sept. 23.—After hearing the testimony of the Standard Oil officials that the business was administered under the original trust agreement for several years after it was ordered dissolved by the Ohio supreme court, and then turned over intact to the present New Jersey holding company, Attorney General Wade H. Ellis, who has returned from New York, believes that the Rockefeller company was not in contempt of the Ohio courts because, while it violated the spirit, it operated within the letter of the court's mandate.

Freight Engine Explodes. Orrville, O., Sept. 23.—The engine of a westbound Pennsylvania freight train, while running at a speed of 20 miles an hour, blew up at Burton City, near here. Conductor George Rockhill was killed outright. Fireman Norman Riffe, brakeman H. Crum and Engineer William Bray were fatally injured. The boiler was blown ahead of the train about 60 feet where it alighted. It bounced and rolled for 50 feet, tearing large holes in the track, and finally slid down a small embankment.

Longworth Escaped.

Cincinnati, O., Sept. 23.—Representative Nicholas Longworth and Mrs. Longworth had a narrow escape from being in a serious railroad wreck just before reaching their home city. Train number 12, from Chicago, on the Pennsylvania railroad, was going at a low rate of speed when the engine jumped the track at South Norwood station, 11 miles out from the Cincinnati station. The engine was the only part of the train to leave the rails, and no one was in any way injured.

Net Earnings of Fair.

Columbus, O., Sept. 23.—Net earnings of the Ohio State fair this year were \$27,232.3, with a probability that \$1,000 will be added later when the Columbus board of trade turns over the balance of its home-coming pledge. The net receipts last year were about \$11,000, but \$6,000 spent for improvements was charged against the expense of conducting the fair that year. This made the actual net income about \$17,000. That broke all records, but is \$10,000 short of 1907.

Not a Panther.

Hamilton, O., Sept. 23.—The supposed Middletown panther was killed by Albert and Joe McCabe, squirrel hunters, in a woods near Middletown. It proved to be a 22-pound wildcat, the first that has been seen in this county in a generation. There is no evidence as to whence it came. The animal was easily killed with shot-guns.

Program at Canton.

Canton, O., Sept. 23.—The imposing McKinley memorial will be dedicated a week from today. President Roosevelt will make the principal address. Secretaries Wilson and Garfield of the cabinet and other notables will be present, and an imposing parade of military and civic organizations will be a feature. The Twenty-third regiment, a squadron of the Twelfth cavalry and a detachment of field artillery will represent the United States. The Ohio National Guard will be represented by the entire Fifth and Eighth regiments. Many of the members of the Grand Army of the Republic will take part in the parade. Conspicuous among them will be the survivors of the Twenty-third, McKinley's regiment in the civil war.

Standard Oil Case at Findlay.

Findlay, O., Sept. 23.—The case of George H. Phelps of this city against the Standard Oil company and its subsidiary concerns and many of the big combine's officials individually, will be called before Judge Duncan in the common pleas court here next Friday morning. The plaintiff alleges that he and the independent oil producers have suffered irreparable loss by reason of the combination existing between the Standard and its smaller companies.

Supposed Robber a Merchant.

Bellefontaine, O., Sept. 23.—A posse of farmers who were out making a search for a robber who had been committing depredations in the vicinity surrounded a man in a corncrib, where he had taken refuge. A pistol duel followed and the posse finally captured the man at bay. It was then found that the supposed robber was a prominent merchant of Ridgeway and a well-known resident of that place. He was formerly mayor of the village.

Reading Clerk in Ohio House.

Bellefontaine, O., Sept. 23.—Ben S. Johnson, who was for several sessions reading clerk in the Ohio legislature, died very suddenly at his home here. Coroner Herbert was called and announced that his death was due to paralysis of the heart. Mr. Johnson was a well-known attorney and was prominent in politics, having a wide acquaintance throughout the state.

Found Dead in His Home.

Alliance, O., Sept. 23.—W. R. Nesbit, who operated photograph galleries in this city and Minerva, was found dead in his apartments in the latter city. He had been missing since Monday

and when the doors were forced open his body, so badly decomposed as to be almost unrecognizable, was discovered in bed. He was 40 years old and was victim of heart disease.

Slot Machines Seized. Cincinnati, O., Sept. 23.—Thirty constables were used in carrying out one of the biggest raids on slot machines ever planned in Hamilton county. The plans were arranged with much secrecy and to a large extent were successfully carried out, the scenes of the raids being in the villages of Hartwell, Indian Hill and Oakley.

Nick Not a Candidate.

Cincinnati, O., Sept. 23.—Congressman and Mrs. Nicholas Longworth arrived here from their Hawaiian trip. Mr. Longworth, who has been mentioned as possible Republican candidate for mayor of Cincinnati, in an interview said that he would not under any circumstances accept the nomination.

Injured in Runaway.

Bellefontaine, O., Sept. 23.—Mrs. William Fisher and Mrs. Charles Tadmans, all of Harper, were badly injured in a runaway accident. All were in one buggy, and their horse frightened at a washing hanging out in a yard.

County Auditor Cussins.

Columbus, O., Sept. 23.—County Auditor William C. Cussins, 51, died suddenly of heart trouble, superinduced by drowsy.

NEWARK DAY AT EXPOSITION TO BE FIXED

MAYOR WILL SOON ISSUE PROCLAMATION FOR EVENT AT JAMESTOWN.

Elaborate Program Will be Arranged—Exposition Advertising Car Comes to Newark.

H. E. Weaver, special commissioner of the Jamestown Exposition was in the city Monday with a formal invitation from the officials of the Exposition to Mayor McCleery requesting him to issue a proclamation to the citizens of Newark to participate in the celebration of Newark Day, same to be designated by the Mayor.

This is quite an honor to Newark and it is probable that a number of prominent people of Newark will be present at he exercises on that day at the Exposition.

An elaborate program will be arranged in honor of the occasion, prominent among the big events will be the illuminating of battleships and naval review, concerts by four famous bands, including the Mexican National Band, which has been loaned to the Exposition during the whole period of the Fair by President Diaz. A reception will be held at the Ohio State building.

In speaking of the Exposition Mr. Weaver states that it is now complete in every detail and worthy of the attendance of everyone. While it is not on such a large scale as the Chicago and St. Louis fairs, it has many charms and attractive features that the other expositions did not have nor could not have.

The hotel rates are low and the railroads have never been known to quote such low rates. The fair will not close till December 15.

Mayor McCleery will announce in a few days the exact day set for Newark Day, which will be of interest to the local people.

The Jamestown Exposition advertising car No. 1 arrived here Sunday from Mansfield over the B. and O. in charge of F. B. Crow and crew of 14 men. The car will go out Tuesday morning to Wheeling, W. Va.

B. & O. ENGINE

Hit Handcar and Crew Had Narrow Escape Near Mt. Vernon—Some Damage Done.

Mt. Vernon, Sept. 23.—George Edwards, foreman, and the section men comprising his crew, had a narrow escape from injury Saturday while going to a point north on the B. & O. railroad. Just after they had rounded the curve at the deep cut passenger train No. 17 rushed around the curve.

None of them saw the train until it was almost upon them. In fact the train was so close that despite the fact that they made an effort to do so, they were unable to get the car off of the track. The foreman and some of the others rolled down the embankment to get out of the way. Picks and shovels and other tools were sent flying in all directions. The handcar was badly damaged.

The man who makes up his mind to fight for his rights must expect to keep up the fight for the rest of his life.
